

Nazione Templare

ENACTMENT OF CONSTITUTIONAL CHARTER

When in the course of human events a people becomes aware of their existence and their individuality, it is necessary for that people to self-determine themselves and continue his journey united in a nation.

A nation bases its cohesion on language, culture and tradition and not on the abstract rigidity of a political obligation.

Our beloved people since its origins, dating back to the year 1118, has always been united and never its existence has failed.

The right of self-determination of a people is one of the inalienable principles of human beings, like the right to life and freedom.

By virtue of the principles set out above, We, the Regency Council, representing the Templar Nation, appealing to God for the rectitude of our intentions, in the name and on behalf of the Templar People, firm in the faith in our Lord Jesus Christ, proclaim

We, the Regency Council,

solemnly committed and determined

- To honour our origins dating back to 1118,
- To support our right to self-determination,

- To strengthen our religious, linguistic and cultural unity, in the wake of our traditions and our centuries-old Customary,
- To support our moral growth according to high ethical models,
- To encourage the growth of the ideals of freedom, peace and progress, rejecting all forms of violence,
- To affirm the inalienable right to our existence, despite the attempts during the various centuries of extermination and damnatio memoriae by various States,

today, 21 July of the year of the Lord 2018,

promulgate the

CONSTITUTIONAL CHARTER

placing our beloved Nation under the will and protection of God.

Signed
The Regency Council
